# NABCOP Newsletter

NABCOP Data Specification for Canisc now online

An updated combined data specification including Cancer Network Information System Cymru (Canisc) information is now available. This specification:

1. Lists and provides detail on the Canisc dataset items to be used for Welsh patients, as well as the dataset items to be used for the English patients.

2. Is available to download at www.nabcop.org.uk/resources/

3. Is now a spreadsheet (rather than a word document) so that you can sort and filter it. For example to show those data items which are in the Welsh dataset (formal name the 'All Wales Breast Cancer Minimum Reporting Requirement V5.0') — as shown on the right.

Summaries of the NABCOP 2018 Annual Report tables

A version of the NHS Organisation Tables published alongside the NABCOP 2018 Annual Report, which includes several summary tabs is now available to download .
www.nabcop.org.uk/resources/annual-report-nhs-organisations-tables

This set of tables includes 3 new summary tabs presenting:

1. A summary of the data completeness for 8 key data items for a selected individual NHS Organisation.

2. A summary of the main indicator data presented in the 2018 annual report for a selected individual NHS Organisation.

3. A summary that allows for comparison of two selected NHS Organisations

4. As well as the detail on the data completeness and main indicators for individual NHS Organisations in England and Wales (as published in June).

Contact us with your feedback on this.

The **Cancer Outcomes and Services Dataset (COSD)** **(version 8) key data items for collection are available to download**
For the NABCOP English dataset.
www.nabcop.org.uk/resources/nabcop-key-data-items

The NABCOP CancerStats reports go live this Autumn!

They will allow you to check completeness of COSD key data items like contact with a Clinical Nurse Specialist (CNS).
cancerstats.ndrs.nhs.uk

Tables published alongside the 2018 Annual Report in June have been updated
We corrected some errors in numbers provided for reference, **not errors in numbers for any organisation's indicator data.** Changes are detailed in the **Contents** page.
